

Index to Volume 37

SUBJECT INDEX

	Page		Page
A		C	
Abdominal aorta, The value of oblique scans in the ultrasonic examination of the	239	Cancer genes: their clinical potential	415
Abdominal radiograph in acute rupture of abdominal aortic aneurysms, A review of the plain	383	Cancer of the testicle, The effect on fertility libido and sexual function of post-operative radiotherapy and chemotherapy for	161
Abstracts of papers presented at the Annual Meeting of the Royal College of Radiologists, London, June 1985	195	Cancer treatment, Responsibility of radiologists in the preservation of breast and rectum in	303
Abstracts of papers presented at the Postgraduate Weekend Courses of the Royal College of Radiologists, London, November 1985	299	Cancers, intra-oral, Post-operative radiotherapy in the management of advance	173
Acromegaly, The extrathoracic airway in	243	Cancers, primary surface epithelial ovarian, Treatment of Stages II, III and IV by maximum bulk tumour reduction and combined chemotherapy with cyclophosphamide, doxorubicin and cisplatin	187
Adenocarcinoma of the body of the uterus, Results of intracavitary radium treatment for	169	Carcinoma, basal-cell: Comparison of radiotherapy and cryotherapy in treatment of	33
Adenosis presenting as a tumour, Mammographic features of sclerosing	371	Carcinoma, bladder, The urographic appearances of ureteric obstruction secondary to	495
Adrenal cortical hyperplasia, Computed tomography in untreated adults with virilising congenital	155	Carcinoma, breast, primary, Results of treatment by radical radiotherapy with artificial pneumothorax	313
Adrenal haemangioma coexisting with malignant haemangio-endothelioma (case report)	97	Carcinoma, bronchial, Incidence of pulmonary nodules detected by computed tomography in patients with	151
Allografts, renal, Correlation between ultrasound and histology in the diagnosis of disease	59	Carcinoma in the temple, Partial relapse of Bell's palsy following superficial radiotherapy to a basal cell (case report)	411
Aluminium-related bone disease, Radiological assessment of	63	Carcinoma of the cervix, A clinical trial of two conceptually different radical radiotherapy treatments in Stage III	23
Angioplasty, Coronary: a comparison of direct measurement and subjective assessment of angiographic narrowing	127	Carcinoma of the cervix and poor-risk endometrial carcinoma, treatment of, using the Cathetron at the Middlesex Hospital: experience since 1979	165
Angioplasty, Laser-assisted percutaneous: initial experience in peripheral arteries	423	Carcinoma of the cervix, The value of lymphography in the management of	19
Angioplasty, transluminal, Renovascular hypertension following radiotherapy and chemotherapy treated by (case report)	399	Carcinoma, non-small-cell bronchial, Systemic radiation and split-course radiotherapy for	51
Ankle, A radiological analysis of lateral ligament injuries of the ankle	247	Carcinoma, small-cell bronchogenic and inappropriate secretion of antidiuretic hormone, retrospective study of thirty-two patients	47
Aortic aneurysms, abdominal, A review of the plain abdominal radiograph in acute rupture of abdominal	383	Carcinoma, Treatment of basal cell, comparison of radiotherapy and cryotherapy	33
Appendicitis, A complicated case of	407	Carotid-cavernous fistula with contralateral proptosis, Traumatic (case report)	509
Aortic root abscess, Diagnosis of by cross-sectional echocardiography	235	Central nervous system pathology, A description of a low field resistive magnetic imaging system and its application in imaging midline	211
Aortography and femoral arteriography: a comparison of Hexabrix 320 and Hexabrix 250, The optimal concentration of contrast medium for	281	Cerebral infarction, Moyamoya disease: an unusual cause of (case report)	289
Arterio-venous shunting complicating occlusive atherosclerotic peripheral vascular disease	389	Cervix, carcinoma, and poor-risk endometrial carcinoma, treatment of, using the Cathetron at the Middlesex Hospital: experience since 1979	165
B		Cervix, A clinical trial of two conceptually different radical radiotherapy treatments in Stage III carcinoma of the	23
Barium enema, is it necessary for irritable bowel syndrome?	87	Cervix, The value of lymphography in the management of carcinoma of the	19
Barium enema after biopsy: current practice and opinion	89	Chemotherapy with cyclophosphamide, doxorubicin and cisplatin, Treatment of Stages II, III and IV primary surface epithelial ovarian cancers by maximum bulk tumour reduction and combined	187
Basal cell carcinoma, Comparison of radiotherapy and cryotherapy for treatment of	33	Cholangiographic measurements, Discrepancy between ultrasound and retrograde	517
Bell's palsy, Partial relapse following superficial radiotherapy to a basal cell carcinoma in the temple (case report)	411	Clinical trial of two conceptually different radical radiotherapy treatments in Stage III carcinoma of the cervix	23
Bladder carcinoma, The urographic appearances of ureteric obstruction secondary to	495	Computed tomographic lung density, Comparison with haemodynamic data of the pulmonary circulation	459
Bone age, Assessment of, a comparison of the Greulich and Pyle, and the Tanner and Whitehouse methods	119	Computed tomographic and ultrasound appearance of a solitary intrahepatic choledochal cyst (case report)	149
Bone disease, Radiological assessment of aluminium-related	63	Computed tomography and ultrasonography of hepatoma	339
Bone mass in femoral neck, Evaluation of Singh index for measuring (letter)	518	Computed tomography, High resolution, in pituitary microadenoma: Is seeing believing?	227
Bone mass in the femoral neck, Evaluation of the Singh index and femoral calcar width as epidemiological methods for measuring	123	Computed tomography in acute and subacute mediastinitis, The role of	139
Brain, infant, Ultrasound and computed tomography: a clinical comparison	365	Computed tomography in diffuse lung diseases: improving the image	335
Brain tumours, An afterloaded applicator for the interstitial irradiation of	35	Computed tomography in planning radiotherapy for malignant tumours of the nasopharynx	15
Breast and rectum in cancer treatment, The responsibility of radiologists in the preservation of	303		
Breast carcinoma, primary, Result of treatment by radical radiotherapy with artificial pneumothorax	313		
Bronchial carcinoma, non-small-cell, Systemic radiation and split-course radiotherapy for	51		
Bronchiectasis, How useful is computed tomography in the diagnosis and assessment of?	321		

	Page		Page
Computed tomography in patients with bronchial carcinoma, Incidence of pulmonary nodules detected by	151	Hodgkin's disease, Non-Hodgkin's lymphoma following radiotherapy for	479
Computed tomography in spinal trauma	71	Hodgkin's disease, Non-Hodgkin's lymphoma following successful treatment for	483
Computed tomography in spinal trauma (letters)	413	Hydatid disease of the pelvis,	375
Computed tomography in the assessment of bronchiectasis, How useful is	335		
Computed tomography in untreated adults with virilising congenital adrenal cortical hyperplasia	155	I	
Computed tomography of the infant brain: a clinical comparison, Ultrasound and	365	Iohexol and iopamidol for lumbar myelography, A comparison of	505
Conformation therapy: a method of improving the tumour treatment volume ratio	267	Iris, juvenile xanthogranuloma, managed with superficial radiotherapy (case report)	295
Contrast agents, high- and low osmolar in urography: a comparison of the appearances with respect to pyelotubular opacification and renal length	395	Irradiation, interstitial of brain tumours using afterloaded applicator	35
Contrast medium for aortography and femoral arteriography: a comparison of Hexabrix 320 and Hexabrix 250, The optimal concentration of	281	Irritable bowel syndrome: Is a barium enema necessary?	87
Coronary angioplasty: A comparison of direct measurement and subjective assessment of angiographic narrowing	127		
Cryotherapy, Treatment of basal-cell carcinoma, comparison with radiotherapy	33	L	
Cyst, Computed tomographic and ultrasound appearance of a solitary intrahepatic choledochal (case report)	149	Laser-assisted percutaneous angioplasty: initial clinical experience in peripheral arteries	423
		Leiomyosarcoma of the inferior vena cava, Radiological diagnosis of	403
D		Liver tumours, Gadolinium-DPTA in the assessment by magnetic resonance imaging	347
Decisions in clinical oncology, a graphical method for the analysis of	263	Leukaemia, radiological features of typhilitis in acute childhood	83
Digital vascular imaging of neck veins for the insertion of chronic venous access catheters	147	Lumbar myelography, A comparison of iohexol and iopamidol	505
Direct multiplanar computed tomography in planning radiotherapy for malignant tumours of the nasopharynx	15	Lung disease, diffuse: improving the image, Computed tomography in	335
		Lymphoblastic malignancy in childhood, Clinical, haematological and radiological features in T-cell	257
E		Lymphography in the management of carcinoma of the cervix	19
Ear, Vascular masses in the middle	359	Lymphoma, non-Hodgkin's: a survey from a district general hospital	183
Echocardiography, cross-sectional, The diagnosis of aortic root abscess by	235		
Embolisation in small bowel haemorrhage	379	M	
Enuresis, Evaluation of the excretory urogram in adult	287	Magnetic resonance imaging, Gadolinium-DPTA in the assessment of liver tumours by	347
Erdheim-Chester disease: polyostotic sclerosing histiocytosis (case report)	93	Magnetic resonance imaging and its application in imaging mid-line central nervous system pathology, A description of a low field resistive	211
		Magnetic resonance imaging, high-resolution, of the brain in children	113
F		Magnetic resonance imaging in the diagnosis of intracranial meningiomas, The value of	423
Femoral neck, Evaluation of Singh index for measuring bone mass in (letter)	518	Magnetic resonance imaging of the pituitary gland	9
Fibromatosis, infiltrative, a rare cause of fatal haemorrhage (case report)	193	Magnetic resonance imaging of the retroperitoneum	441
Fracture of the sellar turcica: a report of three cases	233	Magnetic resonance imaging techniques in the evaluation of orbital and ocular disease, The role of	219
		Mammographic features of sclerosing adenosis presenting as a tumour	371
G		Mantle treatments, An investigation into the daily reproducibility of patient positioning for 'mantle' treatments	43
Gadolinium-DTPA in the assessment of liver tumours by magnetic resonance imaging	347	Maxillary antrum, The treatment of malignant tumours of the	179
Gallstones, report of two cases, small bowel masses due to	153	Maxillary sinus, The radiological appearance of the post-Caldwell-Luc	77
		Mediastinitis, The role of computed tomography in acute and subacute	139
H		Meningiomas, Magnetic resonance imaging in the diagnosis of intracranial	423
Haemangioendothelioma, malignant, Adrenal haemangioma coexisting with (case report)	97	Moyamoya disease: an unusual cause of cerebral infarction (case report)	289
Haemangioma, adrenal, coexisting with malignant haemangioendothelioma (case report)	97		
Haemodynamic data of the pulmonary circulation, Comparison of computed tomographic lung density with	459	N	
Heart disease, superior vena caval abnormalities: Their occurrence rate, associated cardiac abnormalities and angiographic classification in a paediatric population with congenital	131	Nasopharynx, Direct multiplanar computed tomography in planning radiotherapy for malignant tumours of the	15
Hepatic vein, Enormous intrahepatic communication between the portal vein and the	513	Neck, The daily reproducibility of large complex-shaped radiotherapy fields to the thorax and	39
Hepatoma, Computed tomography and ultrasonography of	339	Neutron irradiation, The Edinburgh experience of treating sarcomas of soft tissues and bone with	317
Hepatoma, Radiology of fibrolamellar	355	Non-Hodgkin's lymphoma following radiotherapy for Hodgkin's disease	479
High- and low-osmolar contrast agents in urography: a comparison of the appearances with respect to pyelotubular opacification and renal length	389	Non-Hodgkin's lymphoma following successful treatment for Hodgkin's disease	483
		Non-small-cell bronchial carcinoma, Systemic radiation and split-course radiotherapy for	51

O		Page			Page
Orbital and ocular disease, The role of magnetic resonance imaging techniques in the evaluation of	219		Sarcomas of soft tissues and bone, treatment with neutron irradiation: the Edinburgh experience	317	
Osteoid osteoma of the talus, Subperiosteal	491		Scaphoid injuries, Soft tissue changes accompanying recent (letters)	602	
Ovarian tumours, epithelial, Radionuclide imaging with ¹²³ I-labelled monoclonal antibody (H317) specific for placental-type alkaline phosphatase	107		Scintigrams of the spine, Useful in vertebral osteoporosis?	487	
P			Sella turcica, Fracture of, a report of three cases	233	
Patient positioning, An investigation into the daily reproducibility for 'mantle' treatments	43		Singh index for measuring bone mass in femoral neck, Evaluation of (letter)	518	
Pelvis, Hydatid disease of	375		Small bowel haemorrhage, Embolisation in	379	
Pituitary gland, Magnetic resonance imaging of	9		Small bowel masses due to gallstones: report of two cases	153	
Pituitary microadenoma: Is seeing believing?, High resolution computed tomography in	227		Small-cell bronchogenic carcinoma and inappropriate secretion of antidiuretic hormone, A retrospective study of thirty-two patients with	47	
Pleural effusion causing unmatched ventilation defects in ventilation and perfusion scanning	285		Spinal trauma, Computed tomography in	71	
Pneumothorax, artificial, Results of treatment of primary breast carcinoma by radical radiotherapy with	313		Spinal trauma, Computed tomography in (letter)	413	
Polyostotic sclerosing histiocytosis, Erdheim-Chester disease	93		Superior vena caval abnormalities: their occurrence rate, associated cardiac abnormalities and angiographic classification in a paediatric population with congenital heart disease	131	
Portal vein and the hepatic vein, Enormous intrahepatic communication between the (case report)	513		T		
Portal vein thrombosis in the acute abdomen, Ultrasonographic demonstration of	101		Talus, Subperiosteal osteoid osteoma of the	491	
Portal venous gas secondary to acute gastric dilatation, Adult survival with (letters)	603		Ten-day recommendation (annotation)	105	
Proptosis, Traumatic carotid-cavernous fistula with contralateral (case report)	509		Testicular plasmacytoma, Bilateral (case report)	293	
Prostatic cancer, Radical treatment by megavoltage X-ray therapy	473		Thorax and neck, The daily reproducibility of large, complex-shaped radiotherapy fields to the	39	
Psoas abscess, Non-tuberculous	253		Thymus, malignant epithelial tumours, survival after radiotherapy	273	
Psoas abscess, Non-tuberculous (letter)	518		Tumour treatment volume ratio, Conformation therapy: a method for improving the	267	
Pulmonary circulation, Comparison of computed tomographic lung density with haemodynamic data of the	459		Tumours, liver, Gadolinium-DTPA in assessment by magnetic resonance imaging	347	
Pulmonary infarction, The radiology of aseptic cavitation in	327		Tumours, thymus, malignant epithelial, Survival after radiotherapy	273	
Pulmonary nodules, Incidence of, detected by computed tomography in patients with bronchial carcinoma	151		Tumours, malignant, of the maxillary antrum, The treatment of	179	
R			Typhlitis in acute childhood leukaemia: Radiological features	83	
Radiological appearance of the post-Caldwell-Luc maxillary sinus (letter)	413		U		
Radiological diagnosis of leiomyosarcoma of the inferior vena cava	403		Ultrasonic examination of the abdominal aorta, The value of oblique scans in the	239	
Radiological imaging of epithelial ovarian tumours with ¹²³ I-labelled monoclonal antibody (H317) specific for placental-type alkaline phosphatase	107		Ultrasound and retrograde cholangiographic measurements, Discrepancy between (letter)	517	
Radiosurgery, stereotactic, unit in Sheffield: special report	277		Ultrasonographic demonstration of portal vein thrombosis in the acute abdomen	101	
Radiotherapy and chemotherapy for advanced carcinoma of the cervix, Combined	465		Ultrasonography of hepatoma, Computed tomography and	339	
Radiotherapy, Juvenile xanthogranuloma of the iris managed with superficial	295		Ultrasound and computed tomography of the infant brain: a clinical comparison	365	
Radiotherapy, Malignant epithelial tumours of the thymus: survival after	273		Ultrasound and histology, Diagnosis of disease in renal allografts: correlation between	59	
Radiotherapy and chemotherapy, post-operative, for cancer of the testicle, The effect on fertility, libido and sexual function of	161		Ultrasound appearance of a solitary intrahepatic choledochal cyst, Computed tomographic and (case report)	149	
Radiotherapy, Post-operative, in the management of advanced intra-oral cancers	173		Ultrasound in the diagnosis of solid breast masses, Direct contact B-scan	451	
Radiotherapy, The pathogenesis of the late side-effects of	203		Ureteric changes in <i>Schistosoma haematobium</i> infection, Early	501	
Radiotherapy to a basal cell carcinoma in the temple, Partial relapse of Bell's palsy following superficial (case report)	411		Urogram in adult enuresis, Evaluation of the excretory	287	
Radium treatment for adenocarcinoma of the body of the uterus, Results of intracavitary	169		Urographic appearances of ureteric obstruction secondary to bladder carcinoma	495	
Rectum in cancer treatment, The responsibility of radiologists in the preservation of breast and	303		Urography, An evaluation of the post-micturition radiograph following intravenous	499	
Renal allografts, correlation between ultrasound and histology in the diagnosis of disease in	59		Urography, high- and low-osmolar contrast agents, a comparison of the appearances with respect to pyelotubular opacification and renal length	389	
Renovascular hypertension following radiotherapy and chemotherapy treated by transluminal angioplasty (case report)	399		Uterus, body of, Results of intracavitary radium treatment for adenocarcinoma of the	169	
Resin bezoar in a neonate, Ion-exchange	297		V		
Responsibility in medicine, Change, challenge and	1		Vaginal tumours, Improved control by combined external-beam and interstitial radiotherapy	29	
Responsibility of radiologists in the preservation of breast and rectum in cancer treatment	303		Vascular disease, Arterio-venous shunting complicating occlusive atherosclerotic peripheral	389	
Retroperitoneum, Magnetic resonance imaging of	441		Ventilation and perfusion scanning, Pleural effusion causing unmatched ventilation defects in	285	
S			Vertebral osteoporosis, Are scintigrams of the spine useful in?	487	
Sarcoidosis, solitary nodular (letter)	517		X		
55			Xanthogranuloma of the iris managed with superficial radiotherapy, Juvenile (case report)	295

A Graphical Method for the Analysis of Decisions in Clinical Oncology	263
Conformation Therapy: A Method of Improving the Tumour Treatment Volume Ratio	267
Results of Treatment of Primary Breast Carcinoma by Radical Radiotherapy With Artificial Pneumothorax	313
Radical Treatment of Prostatic Carcinoma by Megavoltage X-ray Therapy	473

MISCELLANEOUS AND EDUCATIONAL

Change, Challenge and Responsibility in Medicine	1
Annotation: the 10-day Recommendation	105
Special Report. The Stereotactic Radiosurgery Unit in Sheffield	277
The Responsibility of Radiologists in the Preservation of Breast and Rectum in Cancer Treatment	303
Cancer Genes: Their Clinical Potential	415
Patient Attitudes to Body Computed Tomography: Use of an Information Leaflet	537

BOOK REVIEWS

MCQ's in Radiology. By A. H. Chapman and P. J. Robinson	54
Computed Tomography of Congenital Brain Malformations. By M. Sarwar	54
Textbook of Nuclear Medicine. 2nd edn. Vol. 1, Basic Science, Vol. II, Clinical Applications. By J. Harbert and A. F. G. Da Rocha	54
Introduction to Organ Imaging. A Guide to Use and Interpretation. By J. A. Bloomfield	82
Pocket Atlas of Normal CT Anatomy. By J. B. Weinstein, J. K. T. Lee and S. S. Sagel	82
Emergency Radiology. Edited by T. E. Keats	82
Clinical Paediatric Uroradiology. By I. Aaronson and B. J. Cremin	82
Gynaecological Ultrasound. Clinics in Diagnostic Ultrasound 15. Edited by W. B. Steel and W. J. Cochrane	100
Biological Effects of Ultrasound. Clinics in Diagnostics Ultrasound 16. Edited by W. L. Nyborg and M. C. Ziskin	100
Diagnostic Ultrasound of the Lower Abdomen. By A. Trenta, P. Pavlica, G. Stasi, R. Tonte and G. Viglietta	100
Interventional Radiology of the Abdomen, 2nd edn. Edited by J. T. Ferrucci, J. Wittenberg, P. R. Mueller and J. F. Simeone	100
Malignant Tumours of the Oral Cavity. Edited by J. M. Henk and J. D. Langdon	103
The Radiotherapy of Malignant Disease. Edited by E. C. Easson and R. C. S. Pointon	103
Soft Tissue Sarcomas. By H. D. Suit and K. H. Proppe	103
Fundamentals of Radiation Dosimetry. By J. R. Greening	103
Dose and Volume Specification for Reporting Intracavitary Therapy Gynecology. International Commission on Radiation Units and Measurements	104
Radiation Dosimetry: Electron Beams with Energies Between 1 and 50 MeV. International Commission on Radiation Units and Measurements	104
Cancer and AIDS. Edited by J. M. Vaeth	104
Induction of Thyroid Cancer by Ionizing Radiation. NCRP Report 80	192
Therapeutic Radiology for the House Officer. By L. R. Coia and D. J. Moylan	192
Bone Tumours and Soft-Tissue Sarcomas. Edited by G. J. D'Angio and A. E. Evans	192
Radiocontrast Agents. Handbook of Experimental Pharmacology, Vol. 73. Edited by M. Sovak	199
Angiographic Diagnosis of Supratentorial Cerebral Tumours (Compared with CT Scan). By A. Pansini and P. Conti	199
NMR-Tomography and -Spectroscopy in Medicine: An Introduction. By K. Roth	199
Digital Image Processing in Radiology. Edited by A. E. James Jr, J. H. Anderson and C. B. Higgins	262
Hepatic Radiography. Edited by M. E. Bernardino and P. J. Sones Jr	262
Cell Clones: Manual of Mammalian Cell Techniques. Edited by C. S. Potton and J. S. Henry	262
Radiotherapy Treatment Planning. Medical Physics Handbook 14. By R. F. Mould	272
Radiation Protection in Hospitals. By R. F. Mould	272
High-dose Dosimetry. International Atomic Energy Agency	272
Saunders Dictionary and Encyclopedia of Laboratory Medicine and Technology. Edited by J. L. Bennington	272
Neutron Contamination from Medical Electron Accelerators. National Council on Radiation Protection and Measurements	276
Computed Tomography of CNS Disease: A Teaching File. By D. H. Yock Jr	276
Diagnostic Imaging in Hemophilia: Musculoskeletal and Other Hemorrhagic Complications. By H. Petersen and M. S. Gilbert	276
Double Contrast Radiology of the Oesophagus. By G. Rossetti	276
Brain CT: An Introduction. By J. R. Bradshaw	280
Dynamic Computed Tomography. By C. Claussen and B. Lochner	280
Trauma. Conventional Radiological Study in Spine Injury. By J-C Dosch	280
Radionuclide Imaging of the Brain. Contemporary Issues in Nuclear Imaging Vol. 1. Edited by B. L. Holman	346
Computed Tomography of the Head and Neck. Edited by B. L. Carter	346
A Practical Approach to Modern Imaging Equipment, 2nd edn. By T. T. Thompson	346
Diagnostic Imaging in Internal Medicine. By R. L. Eisenberg	346
Differential Diagnosis in Conventional Radiology. By F. A. Burgener and M. Korman	354
Pocket Atlas of Normal Ultrasound Anatomy. By M. D. Rifkin and L. Waldroup	354
Iatrogenic Disorders of the Fetus, Infant and Child. By E. G. Kassner	354
Primary Management of Breast Cancer: Alternatives to Mastectomy. Edited by J. S. Tobias and M. J. Peckham	370
Radiation Protection in the Radiologic and Health Sciences. Edited by M. E. Noz and G. Q. Maguire	370
Ovarian Cancer. Edited by N. M. Bleehen	370
Radiological Physicists. By J. A. del Regato	370
Ultrasound of the Infant Brain. By M. I. Levene, J. L. Williams and C-L. Fawer	374
Doppler Echocardiography. Edited by N. C. Nanda	374
Iatrogenic Disorders of the Fetus, Infant and Child, Vol II: Radiology of Iatrogenic Disorders. Edited by E. G. Kassner	374
Essentials of Radiology Physics. By C. A. Kelsey	378
1985 Year Book of Diagnostic Radiology. Edited by D. G. Bragg	378
Criteria and Methods for Quality Assurance in Medical X-ray Diagnosis. British Institute of Radiology	382
Diagnostic Interventions in Nuclear Medicine. Edited by J. H. Thrall and D. P. Swanson	382
Radiology of Adverse Reactions to Drugs and Toxic Hazards. By G. Ansell	388

	Page
An Atlas of Normal Skeletal Scintigraphy. By J. J. Flanagan and M. N. Maisey	388
Radiopharmacy and Radiopharmacology Year Book. Edited by P. H. Cox	394
A Guide to Cardiac Ultrasound. By R. M. Donaldson and C. Westgate	394
Pocket Atlas of Cranial Magnetic Resonance Imaging. By V. M. Haughton and D. L. Daniels	394
Computed Tomography and Magnetic Resonance Imaging of the Head and Neck. By A. A. Mancuso and W. N. Hanafée	394
Roentgen Signs in Diagnostic Imaging, Vol. 2: Appendicular Skeleton. By I. Meschan	402
Gastro-intestinal Radiology. Self Assessment in Radiology and Imaging 2. By M. Berger	402
Atlas of Skeletal Dysplasias. By R. Wynne-Davies, C. M. Hall and A. G. Apley	402
Computed Tomography of the Pelvis. Edited by J. W. Walsh	406
Radiation and Life. By E. J. Hall	406
Nuclear Imaging in Pediatrics. By A. R. Siddiqui	410
Radiology of the Heart. Cardiac Imaging in Infants, Children and Adults. By Hugo Spindolo-Franco and Bernard G. Fish	410
Radiology Today. Vol. 3. Edited by M. W. Donner and F. H. W. Heuck	482
Paediatric Diagnostic Imaging. By C. Gyll and N. Blake	482
Cervico-occipital Joint (RX, CT): Exercises in Radiological Diagnosis. By A. Wackenheim	482
Imaging in Pediatric Oncology. Edited by John H. Miller	490
Linear Accelerators for Radiation Therapy. Medical Physics Handbook 17. By D. Greene	490
Sensitivity and Specificity of Common Scintigraphic Procedures. By Michael L. Goris	490
Magnetic Resonance Annual 1986. Edited by Herbert Y. Kressel	490
Skeletal Radiography. By Sheila Bull	494
Manual of Clinical Magnetic Resonance Imaging. Edited by Jay P. Heiken, Harvey S. Glazer, Joseph K. T. Lee, William A. Murphy and Mokhtar Gado	494
Encyclopedia of Medical Radiology, Vol. 19, Part 4: Radiation Therapy of Malignant Tumours. Edited by H. P. Heilmann	494
Recent Advances in the Treatment and Research in Lymphoma and Hodgkin's Disease. Cancer Surveys. Vol. 4, No. 2. Edited by R. Hoppe	504
Ultrasound Annual 1985. Edited by R. C. Sanders and M. C. Hill	504
Physics of Electron Beam Therapy. Medical Physics Handbook 13. By S. C. Klevenhagen	504
Magnetic Resonance Annual 1985. Edited by Herbert Y. Kressel	508
Radiodiagnosis of the Skull: 103 Radiological Exercises for Students and Practitioners. By J. L. Dietemann	508
Consultation in Diagnostic Imaging. By William W. Scott Jr and Penelope P. Scott	508
Tumours of the Brain. Edited by N. M. Bleehan	515
Radiation Oncology. By Stewart M. Jackson	515
Atlas of Roentgenographic Measurement. By T. E. Keats and L. B. Lusted	516
Radionuclides in Haematology. Edited by S. M. Lewis and R. J. Bayly	516
Diagnosis of Metabolic Bone Disease. By P. Grech, T. J. Martin, N. A. Barrington and P. J. Ell	546
Radiology of the Hand. By C. J. P. Thijl	546
Radiology of the Spine: Tumors. Edited by L. Jeanmart	546
Conventional Tomographic Equipment. Measurement of the Performance Characteristics of Diagnostic X-ray Systems Used in Medicine, Part V. By The Hospital Physicists Association	554
Computed Tomography: Assessment Criteria, CT System Technology, Clinical Applications. By J. Alexander, W. Kalender and G. Linke	554
Obstructive Uropathy. Edited by P. H. O'Reilly	560
Positron Emission Tomography and Auto-radiography: Principles and Applications for the Brain and Heart. Edited by M. E. Phelps, J. C. Mazzionta and H. R. Schelbert	560
Cerebral Ischaemia: A Neuroradiological Study. Edited by J. Bories	566
Medical Lasers: Science and Clinical Practice. By J. A. S. Carruth and A. L. McKenzie	566
New Concepts in Cardiac Imaging 1986. By G. M. Pohost, C. B. Higgins, J. Morganroth, J. L. Ritchie and H. R. Schelbast	578
Diagnostic Paediatric Imaging. By C. M. Hall and S. Lingam	578
Thermoluminescent Methods. Edited by J.-M. Engel, U. Flesch and G. Stüttgen	582
Genitourinary Ultrasound. Clinics in Diagnostic Ultrasound, Vol. 18. Edited by H. Hricak	582
Diagnostic Imaging in Clinical Medicine. By R. H. Troupin	598
Cancer Treatment Symposia: Proceedings of the Workshop on Radiotherapy for Lung Cancer. By The National Cancer Institute	598

OBITUARIES

David Martin Reid Barry	118
Thomas Alexander Seaton Buist	122
Constance A. P. Wood	209
Walter James Mowat	310
John Hodson	311
Benjamin Jolles	471

PROCEEDINGS

Abstracts of Papers Presented at the Annual Meeting of the Royal College of Radiologists Held in London in June 1985	195
Abstracts of Papers Presented at the Royal College of Radiologists' Postgraduate Weekend Courses Held in London in November 1985	299
